

4-1/2" 7.9-Amp Paddle Switch Grinder

G12SQ2

metabo **HPT**
DURABILITY FIRST

- **Large paddle switch** for ease of use and improved safety
- **Just 10-3/4" in length** for easy maneuverability
- **Small grip perimeter** for less fatigue during extended use
- **Spindle lock** allows quick and easy accessory changes
- **Compact and lightweight** for greater control and maneuverability, especially in overhead applications
