

1-3/8" 23-Gauge Micro Pin Nailer

NP35A

metabo **HPT**
DURABILITY FIRST

- **Large fastener capacity** for fewer reloads
- **Dual trigger** for safe & accurate placement of pins
- **Depth of drive adjustment** for flush drives into a variety of materials
- **Rear exhaust** directs oil and debris away from the work surface
- **Reload indicator** for easy visual recognition of low nail quantities to avoid dry firing
