

36V MultiVolt™ Brushless Jig Saw (Bare Tool)

CJ36DAQ4

- **Lock-on Switch:** To improve comfort during continuous cutting
- **Auto Mode:** Vibration is reduced when in a 'no-load' situation, making blade alignment easier
- **On-Tool Led Light:** Illuminates dimly lit work areas
- **Brushless Motor Technology:** For more run-time, increased power, extended durability with essentially no maintenance
- **Accepts "T" shank blades only**
