

THE TANK™ 8-Gal Trolley Air Compressor

Air Compressor

EC1315S

metabo **HPT**
DURABILITY FIRST

- **MORE PRESSURE:** 225 PSI provides 40%* more usable air for more work and less run time
- **38% MORE* AIR FLOW:** 5.0 CFM @ 90 PSI to operate more tools and provide air to the entire jobsite
- **EASY MOBILITY:** Rubber tires smoothly move around the roughest jobsite
- **LONGEVITY:** Top mounted air filter reduces issues with dirt ingestion
- **LOW MAINTENANCE:** Oil Free motor provides long life with less maintenance

* Compared to Metabo HPT model EC99S

Power Output	1.5 Run HP
Tank Capacity	8 Gallon
Max Working Pressure	225 PSI
CFM.....	5 @ 90 PSI
Regulated Pressure Gauge	Installed
Motor Type	Oil Free
Weight.....	93 lbs

Accessories Include

(2) 1/4" Brass Industrial Couplers

THE TANK
8 GAL
