

18V MultiVolt™ Cordless Compact Blower (Bare Tool) RB18DCQ4

The Pro Preferred Brand of Pneumatic Nailers* introduces a new class leading cordless compact blower! The 18V MultiVolt Cordless Compact Blower - model RB18DCQ4 delivers 124 CFM (60% higher than our previous RB18DSL). This higher CFM paired with its 213 mph of Maximum Air Velocity will save you valuable time and increase your productivity whether you are blowing out your garage or blowing the saw dust of your tools at the end of the day. The three speed settings and variable speed trigger will ensure you only use the proper air volume and air speed for your specific task. This Cordless Compact Blower also features a thumb actuated lock-on button to reduce fatigue during those prolonged uses. Backed by Metabo HPT's Lifetime Lithium-Ion tool body warranty, it's a safe bet for the long haul.

The RB18DCQ4 18V Cordless Compact Blower is part of the expanding MultiVolt System of 18-Volt and 36-Volt power tools from Metabo HPT. GO lighter with 18V batteries or GO longer with the unique MultiVolt battery that works on both 18V and 36V tools to double your runtime for up to 8.0Ah* of runtime per charge for more power on the GO.
