

36V MultiVolt™ AC/DC Adapter

ET36A

- **MultiVolt™ Platform:** It's Cordless, It's Corded, It's BOTH!
- **Continuous Operation** when power is available, plug into the cordless tool and continue working without having to worry about battery charge
- **Compatible** with all 36 MultiVolt™ tools
- **Can be used with generators or extension cords** with little to no power loss
- **Input Power Source** is single phase AC 120V/60Hz and produces a maximum power output of 2,000 watts, which results in similar (sometimes superior) power as traditional 15-Amp AC tools

metabo **HPT**
DURABILITY FIRST

Volts	36
Cord Length	20 ft
Compatibility.....	36V MultiVolt™
Input Power Source.....	Single Phase AC 120V/60Hz
Max Power Output	2,000 W
Cord Pivot	90°
Weight.....	5.5 lbs
