

12 Amp Low Vibration Reciprocating Saw

CR13VBY

HITACHI

- **User Vibration Protection (UVP) technology** for 65% less full-load tri-axial vibration to significantly reduce vibration transfer to the user
- **2 mode cutting mechanism – straight mode and "swing" mode** that produce significantly less rebound effect as compared to traditional orbital action for a more efficient cut in wood materials
- **Constructed with a triple sealed design** to protect from dust and debris generated during use – also protects from water waste when cutting into pipes

UVP
USER VIBRATION PROTECTION

Amp.....	12
SPM.....	0-3,000
Stroke Length.....	1-1/4"
Blade Change.....	Tool-less
Weight.....	9.7 lbs

Accessories Included

All Purpose Blade
Case
