

18V Lithium Ion Brushless Oscillating Multi-Tool *(Tool Body Only)*

CV18DBLP4

- **Powered by Lithium Ion batteries** for a steady level of power throughout the charge, 3x longer battery life and half the weight (not included)
- **Brushless motor** for greater efficiency and longer tool life
- **Tool-less universal blade change** to reduce downtime
- **Variable speed dial (1-5)** to ensure constant speed while in use
- **Auto mode (A)** determines appropriate oscillating speed for work load resulting in increased battery life, noise reduction and less vibration
