

NT1865DM 2-1/2" 18V Brushless Lithium Ion 16Ga Straight Finish Nailer Metabo HPT

Features:

- **Covered by Metabo HPT's Lifetime Lithium Ion tool warranty & 2-Year Lithium Ion battery warranty**
- **Same Tools, New Name.** Metabo HPT is the new brand name for Koki Holdings America-formerly part of the Hitachi Group.
- **Brushless motor** for longer run time, less maintenance and increased durability
- **Powered by a Compact 3.0Ah Lithium Ion battery** that is 3/4" shorter and .6 lbs lighter than a conventional 3.0Ah battery for complete portability
- **Freedom from cumbersome air hose and compressor** saves time in setup, during applications and in jobsite clean up
- **Unique air spring drive system** (similar to Metabo HPT's pneumatic line) that uses compressed air to drive each nail resulting in zero ramp up time, increased shooting speed, recoil that feels like a pneumatic nailer, quicker response time between drives, better flush driving -- *even at an angle* and easy maintenance due to fewer parts to manage
- **Selective actuation switch** transitions between sequential mode and bump fire mode, when rapid nailing is preferred
- **Tool-less depth of drive adjustment** for flush drives into various materials
- **Quick clear nose with tool-less jam release** for easy maintenance and reduced downtime
- **LED light** is handy when working in low light areas
- **Ergonomically formed soft grip handle** provides comfort and ensures a secure hold
- **Power button** located on control panel at base of handle must be activated to use the nailer
- **Automatic power shut off** after 30 minutes of inactivity, for added safety
- **Side-lock switch** is incorporated to prevent accidental firing
- **Low battery indicator light** allows the user to see battery power status to prevent unexpected downtime
- **Detachable no-mar nose cap** protects work surfaces from scratches or indentations
- **Pivoting belt hook** can be mounted on either side of the nailer to accommodate left or right handed users
- **Straight magazine** holds 100 16-gauge fasteners from 1" up to 2-1/2" in length
- **Dry-fire lockout** prevents nailer activation when nail count is low
- **Compatible with** all Metabo HPT 18V Lithium Ion slide type batteries
- **Lightweight at only 7.3lbs** for balance, maneuverability and minimal user fatigue and ideal for overhead and extended use applications

Includes:

- (1) Compact 3.0Ah Lithium Ion Battery BSL1830C (339782)
- Charger (UC18YFSL)
- Contractor Bag (371108)
- Safety Glasses (875769)

Specifications	
Fasteners	16-Gauge, Straight Finish Nails
Nail Length	1" - 2-1/2"
Magazine Capacity	100
Magazine Type	Side Load
Battery Type	18V Lithium Ion
Battery Amp Hour	Compact 3.0Ah
No. of Batteries	1
Belt Hook	Variable Position
Jam Release	Tool-less
Depth of Drive	Tool-less
Motor Type	Brushless
Driving Speed	2-3 Nails/Sec
Nails per Charge	Up to 1,500
Firing Modes	Sequential/Bump
Battery Charge Indicator	Yes
LED Light	Yes
Drv-Fire Lockout	Yes
